EDITORIAL

ONE NEED ONLY VISIT THE CAMPUS OF THE MEDICAL COLLEGE OF GEORGIA TO REALIZE THAT CHANGES ARE OCCURRING AT ALMOST BREATHTAKING SPEED. THE MARCH ISSUE OF THE FOUNDATION AND ALUMNI NEWS PROVIDED EVIDENCE OF MASSIVE CHANGES WITHIN JUST THE PAST TEN YEARS. AND EVEN NOW, THE PROGRAM OF CONTINUOUS CHANGE MOVES STEADILY FORWARD.

THE CHANGES ARE TAKING EFFECT IN TWO BROAD AREAS: FACILITIES FOR THE TEACHING OF THE HEALTH SCIENCES, AND GROWTH OF THE ACADEMIC PROGRAMS FOR TEACHING QUALIFIED YOUNG PEOPLE. THE ADDITION AND MODERNIZATION OF CLASS AND LABORATORY SPACE IS FAIRLY OBVIOUS. THE DEVELOPMENT AND SOPHISTICATION OF THE TEACHING PROGRAMS IS NOT SO READILY SEEN.

INDICATIVE OF THE PROGRESS BEING MADE IS THE ADDITION OF A BACCALAUREATE PROGRAM FOR MEDICAL RECORDS LIBRARIANS, TO BE OFFERED FOR THE FIRST TIME BY THE MEDICAL COLLEGE THIS AUTUMN. THE SCHOOL ALSO IS PREPARING A REQUEST TO THE BOARD OF REGENTS SEEKING APPROVAL FOR A DOCTORATE LEVEL PROGRAM IN THE HEALTH SCIENCES. AT THE SAME TIME, THE COLLEGE'S SCHOOL OF NURSING IS ENGAGED IN A SELF-STUDY PROJECT AIMED AT SECURING ACCREDITATION IN THE NOT-TOO-DISTANT FUTURE. AND TIED TO LONGER-RANGE DEVELOPMENTAL PLANS ARE HOPES THAT A SCHOOL OF DENTISTRY AND DENTAL HYGIENE CAN BE ESTABLISHED IN CONJUNCTION WITH THE MEDICAL COLLEGE.

FOR ALUMNI OF THE COLLEGE, THESE PLANS ARE OF IMMEASURABLE IMPORTANCE. SUPPORT FOR THESE PROPOSALS IS ESSENTIAL. SUCCESSFUL ACHIEVEMENT WILL BE OF OBVIOUS PROFIT AND A SOURCE OF PRIDE TO EVERY ALUMNUS OF THE MEDICAL COLLEGE OF GEORGIA.

DR. BRAGASSA

STATISTICS AND GENETICS

THIS YEAR, THE MEDICAL COLLEGE OF GEORGIA HAS MADE AN EFFORT TO STIMULATE INTEREST AND ACTIVITY IN STATISTICAL ASPECTS OF MEDICAL RESEARCH AND TRAINING. TO THIS END, THE SCHOOL HAS APPOINTED A STATISTICIAN TO THE FACULTY, AND HAS CONTRACTED FOR THE PROCUREMENT OF AN ELECTRONIC COMPUTER.

DR. CHARLES B. BRAGASSA, WHO JOINED THE FACULTY IN FEBRUARY AS STATISTICIAN AND GENETICIST, WILL TEACH AND CONSULT IN THESE FIELDS. DR. BRAGASSA RECEIVED HIS PH.D. DEGREE IN GENETICS AND STATISTICS FROM TEXAS A AND M COLLEGE IN JANUARY OF THIS YEAR. HIS BACHELOR'S DEGREE IS IN ZOOLOGY.

THE COMPUTER, AN IBM 1620, IS ON ORDER AND IS EXPECTED TO BE INSTALLED IN AUGUST.

DR. BRAGASSA IS AVAILABLE TO STAFF MEMBERS AND STUDENTS FOR CONSULTATION IN EXPERIMENTAL DESIGN AND ANALYSIS. THE ELECTRONIC COMPUTER WILL BE AVAILABLE FOR USE BY STAFF MEMBERS FOR THEIR INDIVIDUAL RESEARCH PROJECTS.

STATISTICS HAS BEEN A PART OF THE MEDICAL COLLEGE CURRICULUM FOR SEVERAL YEARS, HAVING BEEN TAUGHT INITIALLY BY THE DEPARTMENT OF MICROBIOLOGY. UNDER DR. BRAGASSA, THE COURSE WILL CONTINUE TO CONSIST OF 54 HOURS FOR MEDICAL STUDENTS AND APPROXIMATELY 75 HOURS FOR GRADUATE

STUDENTS. BEGINNING IN SEPTEMBER A BLOCK OF 12 HOURS WILL BE TAUGHT FIRST YEAR STUDENTS. THE REMAINING HOURS WILL BE PRESENTED IN SUBSEQUENT YEARS, WITH AS MUCH MATERIAL AS POSSIBLE BEING INTEGRATED INTO OTHER COURSES AT RELEVANT PLACES.

MATERIAL TO BE PRESENTED IN THE FIRST YEAR WILL INCLUDE SAMPLING, STATISTICAL INFERENCE, VARIATION, DISTRIBUTION, SIGNIFICANCE AND THE NULL HYPOTHESIS, BASIC CALCULATIONS, TYPES OF DATA, AND GENERAL CONCEPTS OF EXPERIMENTAL DESIGN. METHODS OF ANALYSIS WILL BE STRESSED IN THE REMAINING MATERIAL INCLUDING CHI-SQUARE, GROUP AND INDIVIDUAL COMPARISONS, CORRELATION, REGRESSION AND ANALYSIS OF VARIANCE. GRADUATE STUDENTS WILL COVER FACTORIAL ARRANGEMENT OF TREATMENTS AND ANALYSIS OF CO-VARIANCE IN ADDITION TO THE TOPICS LISTED ABOVE. EMPHASIS WILL BE PLACED ON A REALISTIC AND PRACTICAL APPROACH, AND STUDENT RESEARCH PROJECTS WILL BE USED FOR EXAMPLES AS MUCH AS POSSIBLE.

INSTRUCTION IN THE USE OF THE ELECTRONIC COMPUTER IN STATISTICAL ANALYSIS WILL BE OFFERED AS AN ELECTIVE. ALSO, A TWO-WEEK, 12-HOUR SHORT COURSE IN STATISTICS IS PLANNED FOR STAFF MEMBERS AND OTHER INTERESTED PERSONS. THIS IS SCHEDULED FOR JULY 16TH THROUGH THE 28TH.

LITTLE, IF ANY, JUSTIFICATION IS NECESSARY FOR INCLUDING STATISTICS IN THE MEDICAL CURRICULUM, ALTHOUGH ITS VALUE MAY BE HAZY TO SOME. STATISTICAL METHODS HAVE DEVELOPED OF NECESSITY, AND OCCUPY AN IMPORTANT PLACE IN SCIENCE. THE STATISTICAL APPROACH IS MOST INTIMATELY CONCERNED WITH LOGIC, ETIOLOGY AND SOUND REASONING, AND MORE SUPERFICIALLY WITH THE FOREIGN LANGUAGE IN WHICH IT IS EXPRESSED: MATHEMATICS. THE LANGUAGE, THOUGH A NECESSARY EVIL, IS SIMPLY A MEANS TO THE END IN CONVEYING SOME RATHER SUBTLE AND COMPLEX CONCEPTS. KNOWLEDGE OF THESE CONCEPTS IS OF UNQUESTIONABLE VALUE TO ANYONE WHO STUDIES CAUSES AND EFFECTS. IF THE SUBJECT IS PRESENTED EFFECTIVELY, ITS BROAD APPLICABILITY SHOULD BE OF CONSIDERABLE BENEFIT TO SERIOUS STUDENTS, DESPITE THE RELATIVELY SHORT TIME DEVOTED TO IT.

IT IS HOPED THAT THROUGH MORE CAREFULLY DESIGNED EXPERIMENTS, RESEARCH EFFICIENCY AT THE MEDICAL COLLEGE CAN BE IMPROVED. TIME, ESPECIALLY FOR PHYSICIANS, AND AND PHYSICAL RESOURCES FOR RESEARCH, ARE EXTREMELY VALUABLE COMMODITIES. OBVIOUSLY, WISE AND EFFICIENT USE OF THEM IS DESIRABLE.

IT IS NOT UNCOMMON FOR EXPERIMENTS TO BE UNDERTAKEN WITH NO CLEAR IDEA OF HOW, OR EVEN IF, THE DESIRED INFORMATION CAN BE OBTAINED. CONSEQUENTLY, A COMMON RESULT IS THE LOSS OF TIME, MONEY AND EFFORT...ALL TO NO AVAIL. BY PLANNING AHEAD AND KNOWING WHAT TYPE OF SAMPLING TECHNIQUE, DESIGN AND ANALYSIS (THERE ARE NUMEROUS TYPES OF EACH) APPLIES BEST TO THE SITUATION AT HAND, IT FREQUENTLY MAY BE FOUND THAT ADDITIONAL INFORMATION MAY BE HAD FOR LITTLE OR NO EXTRA COST, OR THAT THE DESIRED INFORMATION MAY BE OBTAINED WITH LESS MONEY AND LABOR THAN EXPECTED.

THE ELECTRONIC COMPUTER IS A TIME-SAVER. IT PERFORMS THE SAME CALCULATIONS AND TYPES OF ANALYSIS AS ARE DONE BY HAND...BUT DOES THEM FASTER, THUS RELIEVING THE RESEARCHER OF MUCH TEDIUM.

A PROJECT TO WHICH SUCH PRINCIPLES DIRECTLY APPLY AND IS FAMILIAR TO READERS OF THE "FOUNDATION AND ALUMNI NEWS" IS THE MULTICATEGORICAL RESEARCH CENTER DIRECTED BY DR. WAYNE GREENBERG AND DESCRIBED IN THE MARCH ISSUE. THE ARTICLE STATED "...THE PERMANENCE OF SUCH AN EXPENSIVE PROGRAM DEPENDS ON ITS PRODUCTIVITY, NOT IN ANY ONE SCHOOL, BUT NATION-WIDE." THIS PRODUCTIVITY WILL DEPEND AS MUCH ON EFFICIENTLY DESIGNED EXPERIMENTS AS ON WELL-PLANNED ADMINISTRATION AND TECHNIQUES.

THIS ENDEAVOR TO PLACE ADDED EMPHASIS UPON STATISTICS HAS BEEN WELL RECEIVED. BY AUTUMN, AN INTEGRATED COLLEGE-WIDE PROGRAM TO FACILITATE AND IMPROVE RESEARCH PLANNING AND DATA REDUCTION IS EXPECTED TO BE IN OPERATION. IT IS OUR HOPE THAT THE PROGRAM WILL BE BENEFICIAL TO ALL CONCERNED.

DR. HAMLIN

CLINICAL HEMODYNAMIC RESEARCH PROGRAM GRANT ANNOUNCED

A SIX-YEAR GRANT IN THE AMOUNT OF \$820,554 HAS BEEN AWARDED TO THE MEDICAL COLLEGE OF GEORGIA FOR THE DEVELOPMENT, REFINEMENT, AND CONTINUATION OF A CLINICAL HEMODYNAMIC RESEARCH PROGRAM.

DR. WALTER G. RICE, DEAN OF THE SCHOOL OF MEDICINE, SAYS, "....THE GRANT-SUPPORTED PROGRAM WILL PERMIT THE COORDINATED STUDY OF A NUMBER OF PHYSIOLOGICAL, BIOCHEMICAL, PATHOLOGICAL, AND CLINICAL PROBLEMS WHICH HAVE BEEN UNDER WAY FOR SOME TIME.

"THE COMPREHENSIVE PROGRAM, TO BE MADE POSSIBLE BY THE NEWLY-ANNOUNCED SUPPORT FROM THE NATIONAL INSTITUTES OF HEALTH," ADDED DR. RICE, "WILL INTEGRATE THE WORK OF MANY MEMBERS OF THE MEDICAL COLLEGE FACULTY." IT WILL ALLOW THE EXTENSION AND EXPLOITATION OF SKILLS PRESENTLY ASSOCIATED WITH THE SCHOOL. MUCH OF THE RESEARCH TO BE DONE WILL BE BASED ON EARLY STUDIES OF CARDIOVASCULAR PHYSIOLOGY PIONEERED BY DR. WILLIAM F. HAMILTON, EMERITUS PROFESSOR OF PHYSIOLOGY AT THE COLLEGE.

INVOLVED WILL BE THE COORDINATION OF A NUMBER OF VARIED BASIC AND CLINICAL INVESTIGATORS WHO HAVE AN INTEREST IN BLOOD FLOW AND THE FACTORS WHICH AFFECT IT, SUCH AS CONGENITAL HEART DISEASE, ARTERIOSCLEROSIS, AND HYPERTENSION.

THE INTER-RELATED STUDIES OF THE HEMODYNAMIC RESEARCH PROGRAM WILL UTILIZE TEN BEDS IN THE EUGENE TALMADGE MEMORIAL HOSPITAL. AS A UNIFIED PROGRAM, EACH OF THE ALLIED PROJECTS WILL BE INVESTIGATED AS AN ENTITY, WITH FINDINGS OF THE INDIVIDUAL STUDIES CORRELATED WITH ALL OTHERS.

PROGRAM DIRECTOR OF THE PROJECT IS TO BE DR. JAMES HAMLIN, FORMERLY OF THE ROCKEFELLER INSTITUTE, WHO WILL JOIN THE MEDICAL COLLEGE FACULTY IN JULY AS ASSISTANT PROFESSOR OF MEDICINE.

GEOGRAPHICALLY, THE HEMODYNAMIC UNIT WILL BE LOCATED ADJACENT TO THE MULTICATEGORICAL RESEARCH CENTER WHICH WAS DESCRIBED IN THE MARCH ISSUE OF THE FOUNDATION NEWS. IT WILL CONSIST OF AN ELABORATE RESEARCH LABORATORY FACILITY CONFINED TO THE STUDY OF CARDIOVASCULAR PHYSIOLOGY AND LIPID CHEMISTRY. IT WILL BE SERVED IN PART BY THE BED AND KITCHEN UNITS OF THE DGMS CENTER AND WILL MAKE SOME USE OF ITS LABORATORIES.

AFTER GEORGE STEPHENSON'S LOCOMOTIVES REACHED THE SPEED OF 30 MILES AN HOUR, THE MUNICH COLLEGE OF PHYSICIANS ISSUED AN EARNEST WARNING AGAINST RAILWAY TRAVEL. TREES AND HOUSES FLASHING PAST THE EYES, THE WARNING STATED, AND THE DIZZY SPEED WOULD BRING ON HEADACHES AND VERTIGO. IN ENGLAND IT WAS PREDICTED THAT TRAVELING AT 30 MILES AN HOUR WOULD CAUSE INSANITY.

WHO WOULD ARGUE THAT AN OPEN MIND, AN INTEREST IN EXPERIMENTATION, AND THE FREE EXCHANGE OF SCIENTIFIC INFORMATION IS ESSENTIAL TO THE PROGRESS OF MEDICINE?

PREMEDICAL ADVISORS CONFER ON MEDICAL COLLEGE CAMPUS

SIXTEEN PREMEDICAL EDUCATORS FROM A NUMBER OF GEORGIA COLLEGES PARTICIPATED APRIL 21ST IN A CONFERENCE AT THE MEDICAL COLLEGE OF GEORGIA. THE MEETING WAS HELD IN AN EFFORT TO FIND A COMMON DENOMINATOR BY WHICH APPLICANTS FOR MEDICAL EDUCATION CAN BE EVALUATED, AND TO DETERMINE HOW THE UNDERGRADUATE INSTITUTIONS CAN BE HELPED BY THE MEDICAL COLLEGE IN PREPARING FUTURE STUDENTS FOR ADMISSION TO THE MEDICAL CURRICULUM.

IN ALL, THE CONFERENCE WAS ATTENDED BY DELEGATES FROM THE ELEVEN COLLEGES WHICH HISTORICALLY PROVIDE APPROXIMATELY NINETY PER CENT OF THE STUDENTS ULTIMATELY ADMITTED TO THE SCHOOL OF MEDICINE.

DELEGATES TO THE MEETING INCLUDED: DR. ARTHUR COHEN, OGLETHORPE UNIVERSITY; DR. E. L. LIPPS, SHORTER COLLEGE; DR. CLYDE CONNELL, VALDOSTA STATE COLLEGE; DR. JOHN

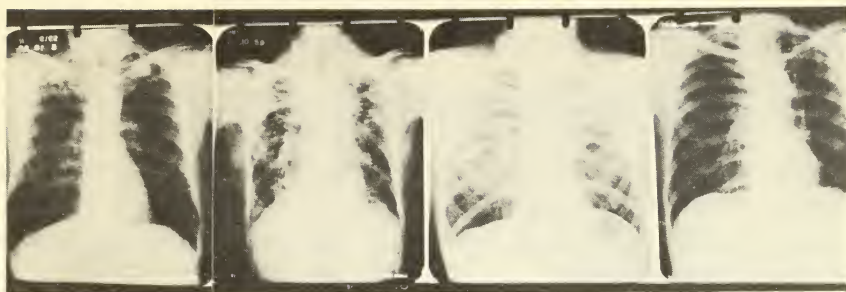

NUTTYCOMBE, UNIVERSITY OF GEORGIA; DR. ROBERT REIBER, GEORGIA STATE COLLEGE; DR. H. B. FORESTER, NORTH GEORGIA COLLEGE; DR. JOHN SIMMS, NORTH GEORGIA COLLEGE; DR. FRANK JAMES, MERCER UNIVERSITY; DR. ROBERT BOXER, OGLETHORPE UNIVERSITY; DR. ROBERT INGOLS, GEORGIA INSTITUTE OF TECHNOLOGY; PROFESSOR GEORGE COOKE, AUGUSTA COLLEGE; DR. JOHN BOOLE, GEORGIA SOUTHERN COLLEGE; DR. H. PRENTISS MILLER, EMORY UNIVERSITY; PROFESSOR T. P. HAINES, MERCER UNIVERSITY; AND DR. J. F. VINCENT AND MISS JESSIE TRAWICK OF THE WOMAN'S COLLEGE OF GEORGIA. REPRESENTING THE MEDICAL COLLEGE WERE: DR. HARRY B. O'REAR, PRESIDENT; DR. WALTER G. RICE, DEAN, SCHOOL OF MEDICINE; DR. DAVID MCCORKLE, DIRECTOR OF STUDENT AFFAIRS; AND MEMBERS OF THE COLLEGE'S ADMISSIONS COMMITTEE.

UNANIMOUS OPINION WAS EXPRESSED THAT MANY STUDENTS INTERESTED IN MEDICINE ARE MISGUIDED INTO UNBALANCED UNDERGRADUATE ACADEMIC PROGRAMS WHICH OVER-EMPHASIZE CERTAIN AREAS OF STUDY WHILE INADEQUATELY PREPARING THE STUDENTS IN ENGLISH, LANGUAGE, ECONOMICS, PHILOSOPHY, AND THE LIKE.

A NEED WAS CITED FOR FURTHER DEVELOPMENT OF HELPFUL LIAISON AND COMMUNICATION BETWEEN THE UNDERGRADUATE SCHOOLS AND THE MEDICAL COLLEGE. MAJOR STEPS AT IMPROVING SUCH LIAISON HAVE BEEN INITIATED THIS YEAR BY DR. O'REAR, DR. RICE, AND DR. MCCORKLE. AMONG THE ACCOMPLISHMENTS OF THE CURRENT ACADEMIC YEAR WERE VISITS TO MANY OF THE UNDERGRADUATE SCHOOLS FOR THE PURPOSE OF MEETING WITH THE PREMEDICAL ADVISORS AND GROUPS OF PREMEDICAL STUDENTS. THESE VISITS, ACCORDING TO DR. O'REAR, HAVE BEEN VERY HELPFUL.

ALSO DISCUSSED DURING THE MEETING WERE WAYS IN WHICH THE MEDICAL COLLEGE MIGHT BE HELPFUL TO THE UNDERGRADUATE SCHOOLS, AND TO THE DEVELOPMENT OF MORE EFFECTIVE METHODS BY WHICH THE SCHOOLS CAN RECOMMEND STUDENTS FOR ADMISSION TO THE MEDICAL CURRICULUM.

MEDICAL COLLEGE HOSTS TUBERCULOSIS SYMPOSIUM

A SYMPOSIUM ON THE "RATIONAL THERAPY AND CONTROL OF TUBERCULOSIS" WAS HELD AT THE MEDICAL COLLEGE OF GEORGIA MAY 16-18. THE THREE-DAY TEACHING CONFERENCE EMPHASIZED THE PRESENT CONCEPT OF PREVENTION, DETECTION, TREATMENT, AND CONTROL OF TUBERCULOSIS.

DR. RUFUS PAYNE, ASSOCIATE PROFESSOR OF MEDICINE AND SUPERINTENDENT OF THE EUGENE TALMADGE MEMORIAL HOSPITAL, WAS COORDINATOR FOR THE COURSE.

THE MEETING WAS ATTENDED BY PHYSICIANS AND PUBLIC HEALTH PERSONNEL FROM SIXTEEN STATES. THEY HEARD NUMEROUS PRESENTATIONS INCLUDING "SINGLE OR MULTIPLE DRUG THERAPY FOR TUBERCULOSIS," "THE MANAGEMENT OF PREVIOUSLY UNTREATED TUBERCULOSIS," "SURGICAL THERAPY," "NECESSITY FOR HOSPITALIZATION IN NEWLY DISCOVERED CASES," "PEDIATRIC TUBERCULOSIS," AND "THE PUBLIC HEALTH SIGNIFICANCE OF TUBERCULOSIS."

GUEST FACULTY FOR THE SESSION INCLUDED DRs. GEORGE COMSTOCK AND SIDNEY DRESSLER AND MRS. SHIRLEY FEREBEE OF THE TUBERCULOSIS PROGRAM, UNITED STATES PUBLIC HEALTH SERVICE; DR. RAY CORPE, SUPERINTENDENT, BATTEY HOSPITAL, ROME, GEORGIA; DR. EDITH LINCOLN OF NEW YORK; AND DR.

ROGER MITCHELL, UNIVERSITY OF COLORADO SCHOOL OF MEDICINE, DENVER.

PARTICIPATING MEDICAL COLLEGE FACULTY MEMBERS WERE DR. PAYNE; DR. CURTIS CARTER, PROFESSOR OF MEDICINE; DR. DAVID HALL, ASSISTANT PROFESSOR OF SURGERY (THORACIC); DR. J. ROBERT TEABEAUT, II, ASSOCIATE PROFESSOR OF PATHOLOGY; AND DR. VICTOR C. VAUGHAN, III, PROFESSOR AND CHAIRMAN OF PEDIATRICS.

THE SYMPOSIUM WAS SPONSORED JOINTLY BY THE MEDICAL COLLEGE, THE MEDICAL COLLEGE FOUNDATION, AND THE GEORGIA STATE DEPARTMENT OF PUBLIC HEALTH, UNDER A PROJECT GRANT FROM THE TUBERCULOSIS PROGRAM OF THE UNITED STATES PUBLIC HEALTH SERVICE.

A MILLION INDIANS ONCE LIVED ON THE LAND THAT IS NOW CONTINENTAL UNITED STATES. BETWEEN FAMINES THEY WENT HUNGRY, AND SOME STATISTICIAN UNDOUBTEDLY TRIED TO PROVE THAT THERE WERE TOO MANY INDIANS FOR THE LAND TO SUPPORT. NOW WE HAVE A POPULATION OF 180,000,000 LIVING ON A LAND WHERE ONLY ONE MILLION INDIANS BARELY SURVIVED.

WHERE THE INDIANS HAD FAMINE WE HAVE SURPLUS. TWO-THIRDS OF THE WORLD STILL GOES TO BED HUNGRY EVERY NIGHT, YET IN AMERICA WE HAVE TO BEAT OUR KIDS TO MAKE THEM EAT.

AMERICA'S MAGIC CATALYST IS THE PRODUCTIVITY OF A FREE PEOPLE LIVING IN A FREE SYSTEM. THE UNITED STATES IS THE ONLY COUNTRY ON EARTH WHERE EVEN POOR PEOPLE HAVE PARKING PROBLEMS; AMERICANS IN EVERY WALK OF LIFE RIDE IN AUTOMOBILES. OUR SYSTEM IS NOT PERFECT BUT IT'S A BETTER SYSTEM THAN ANY OTHER SYSTEM PRODUCED IN 50,000 YEARS OF HISTORY.

GENERAL NEWS

SHE IS NOT AN ALUMNA - BUT WHAT STUDENT OR DOCTOR COULD EVER FORGET THE NAME OF MISS PENSECOLA BRANYON? SINCE 1935, SHE HAS BEEN THE 'ANGEL OF MERCY' DURING THOSE HAUNTING NIGHT HOURS. SHE HAS GIVEN ENCOURAGEMENT AND ASSURANCE TO THE INTERN; TO THE RESIDENT SHE HAS BEEN THE ABLE ASSISTANT, AND TO THE PRIVATE PHYSICIAN SHE HAS BEEN THE GUARDIAN OF HIS PATIENT IN HIS ABSENCE. MISS BRANYON, WHO HAS BEEN ASSOCIATED WITH THE UNIVERSITY HOSPITAL FOR 34 YEARS, RETIRED AS NIGHT SUPERVISOR ON MAY 15TH. MAY HER RETIREMENT BE AS PLEASANT TO HER AS SHE HAS BEEN TO THE MEDICAL PROFESSION DURING ALL THESE YEARS PAST.

KING W. MILLIGAN, '08, WHO, TRY AS HE MAY TO RETIRE, CONTINUES TO PRACTICE IN AUGUSTA, WAS AWARDED THE HONOR OF GENERAL PRACTITIONER OF THE YEAR DURING THE CONVENTION OF THE MEDICAL ASSOCIATION OF GEORGIA IN MAY.

EDGAR R. PUND, '18, PRESIDENT-EMERITUS OF MCG, RETURNED TO HIS ALMA MATER TO BE THE COMMENCEMENT SPEAKER AT THE 1962 GRADUATION EXERCISES. HIS ADDRESS IMPRESSED THE GRADUATES WITH OBLIGATION TO THEIR FELLOW MAN, THEIR RESPONSIBILITY TO HUMANITY, AND THAT IT IS THE DUTY OF THE MEDICAL PROFESSION TO RESIST IN EVERY WAY POSSIBLE THE INSIDIOUS INROADS OF SOCIALIZATION. HIS SUBJECT, 'THE ABC'S OF MEDICINE', BROUGHT OUT THE ATTRIBUTES WHICH EVERY MAN OF MEDICINE SHOULD POSSESS, E. G., ARDOR, BENEVOLENCE, COURAGE AND SERVICE.

AT THE MEETING OF THE AMERICAN COLLEGE OF PATHOLOGISTS, TO BE HELD AT THE PALMER HOUSE IN CHICAGO, SEPTEMBER 1ST THROUGH 4TH, GEORGE D. MANER, '19, OF LOS ANGELES, CALIFORNIA, WILL BE CHAIRMAN OF THE SECTION ON PATHOLOGY IN PRIVATE PRACTICE.

HENRY G. MEALING, '22, PROMINENT AUGUSTA INTERNIST, WAS HONORED BY THE WOMEN'S AUXILIARY TO THE RICHMOND COUNTY MEDICAL SOCIETY ON DOCTOR'S DAY. DR. MEALING HAS BEEN PRACTICING MEDICINE FOR 40 YEARS AND IS ALSO CLINICAL PROFESSOR OF MEDICINE AT MCG.

We Salute

LEWIS H. WRIGHT, '25, OF GREAT NECK, N. Y. HE WAS HONORED IN THE SPRING ISSUE OF ANESTHESIA AND ANALGESIA. NO ONE, IT STATES, HAS DONE MORE TO BRIDGE THE GAP BETWEEN PHARMACEUTICAL MANUFACTURERS AND PRACTICING ANESTHESIOLOGISTS. FOR MORE THAN THIRTY YEARS DR. WRIGHT HAS BEEN ASSOCIATED WITH E. R. SQUIBB AND SONS, AND AT THE SAME TIME HE HAS BECOME A BELOVED AND WELL-KNOWN LEADER IN THE TEACHING, PRACTICE, AND ORGANIZATION OF ANESTHESIOLOGY. 'ALL ANESTHESIOLOGISTS KNOW "LEW" WRIGHT AND HE, IN TURN KNOWS THEM; HE IS A VERITABLE ENCYCLOPEDIA OF INFORMATION REGARDING ALL THAT PERTAINS TO THAT SPECIALTY. '

DR. WRIGHT, FOR FIFTEEN YEARS, WAS A MEMBER OF THE BOARD OF DIRECTORS OF THE AMERICAN SOCIETY OF ANESTHESIOLOGISTS. HE HAS SERVED AS FIRST VICE-PRESIDENT OF THE SOCIETY AND TWICE AS SECOND VICE-PRESIDENT, AND FOR MANY YEARS HE HAS BEEN AN OFFICER OR DIRECTOR OF THE NEW YORK STATE SOCIETY OF ANESTHESIOLOGISTS. IN 1955 HE RECEIVED THE DISTINGUISHED SERVICE AWARD OF THE AMERICAN SOCIETY OF ANESTHESIOLOGISTS. HE IS PRESIDENT-EMERITUS OF THE WOOD LIBRARY MUSEUM OF ANESTHESIOLOGY AND A MEMBER OF ITS BOARD OF TRUSTEES SINCE ITS ESTABLISHMENT.

ANESTHESIA HAS BEEN DR. WRIGHT'S 'PET' SINCE HIS LABORATORY DAYS AND HIS FIVE YEAR PRACTICE OF OBSTETRICS AND ANESTHESIA BEFORE JOINING SQUIBB AND SONS IN 1930. HE TOOK A GREAT DEAL OF INTEREST IN THE EARLY DEVELOPMENT OF CYCLOPROPANE AND IN 1940 HE CONCEIVED THE IDEA THAT "INTO-COSTRIN", A NEW PREPARATION OF CURARE, WOULD MAKE A GOOD MUSCLE RELAXANT FOR PATIENTS UNDER ANESTHESIA. SOME ANESTHESIOLOGISTS LAUGHED AT THIS IDEA AND ALL WERE SKEPTICAL. FINALLY IN 1942, TWO PHYSICIANS IN MONTREAL USED THIS DRUG SUCCESSFULLY, AND THEREBY WAS OPENED A WHOLE

NEW ERA IN ANESTHESIOLOGY, THANKS IN A LARGE PART TO THE VISION AND PERSISTENCE OF LEWIS WRIGHT.

WE ARE INDEED PROUD THAT DR. WRIGHT IS AN ALUMNUS OF MCG, AND WE JOIN WITH ANESTHESIA AND ANALGESIA IN SALUTING HIM AS ONE OF THE TRULY FINE LEADERS OF AMERICAN ANESTHESIOLOGY.

AT THE CONVENTION OF THE MEDICAL ASSOCIATION OF GEORGIA WHICH WAS HELD IN SAVANNAH IN MAY, THOMAS W. GOODWIN, '30, PROMINENT AUGUSTA SURGEON, WAS INSTALLED AS PRESIDENT FOR THE COMING YEAR. DR. GOODWIN SUCCEEDS ANOTHER MCG ALUMNUS, FRED H. SIMONTON, '29, OF CHICKAMAUGA.

WE ARE GLAD TO KNOW THAT GEORGE A. HOLLOWAY, '32, OF ATLANTA, IS RECUPERATING FROM THE MYOCARDIAL INFARCTION WHICH HAD HIM 'DOWN' IN FEBRUARY. THE FOLLOWING ARE SOME OF DR. HOLLOWAY'S COMMENTS ON THE LAST ISSUE OF THE NEWS:

"THE EDITORS OF THE FOUNDATION AND ALUMNI NEWS ARE DUE A GREAT BIG THANK YOU FROM EACH ALUMNUS AND ALUMNA. WHY? BECAUSE THEY ARE KEEPING US INFORMED OF THE PROGRESS OF OUR ALMA MATER.

"I CAN'T HELP BUT BELIEVE THIS NEWS JOURNAL MAKES MOST ALUMNI FEEL MORE CLOSELY ASSOCIATED AND MORE A PART OF OUR COLLEGE. IT BRINGS BACK YOUTHFUL MEMORIES, PLEASANT ASSOCIATION WITH OUR CLASSMATES, FRATERNITY BROTHERS, AND FACULTY MEMBERS.

"IN REFERENCE TO DR. McCORKLE'S ARTICLE CONCERNING AN ALUMNI MEMORIAL BUILDING, WHY CAN'T WE GET A CAMPAIGN STARTED WHEREBY EACH ALUMNUS, FIVE YEARS AFTER GRADUATION, WOULD START TO CONTRIBUTE \$100.00 A YEAR FOR TEN YEARS? THIS WOULD ONLY MEAN \$2.00 A WEEK FOR FIFTY WEEKS (ALLOWING TWO WEEKS OFF FOR VACATION) OR ONLY THE ACTUAL COST OF ONE HYPODERMIC (ANY TYPE). WHY NOT SEND IT TO OUR MEDICAL COLLEGE RATHER THAN MAIL IT TO MR. RIBICOFF OF H. E. AND W. TO SQUANDER

BY THE WAY, MARGARET HOLLOWAY, GEORGE'S DAUGHTER, HAS ACCEPTED THE INVITATION TO BECOME A MEMBER OF THE ATLANTA DEBUTANTE CLUB OF 1962-63.

THE FIRST DISTRICT MEDICAL SOCIETY OF GEORGIA HAS ELECTED LOUIE H. GRIFFIN, '37, OF CLAXTON, AS PRESIDENT-ELECT FOR 1962-1963. SERVING WITH HIM AS VICE-PRESIDENT IS DAVID ROBINSON, '42, OF SAVANNAH.

E. A. ROPER, '40, OF JASPER, GA., RECENTLY RETURNED FROM EXPLORING THE PREVIOUSLY INACCESSIBLE REACHES OF THE GREAT AMAZON RIVER IN SOUTH AMERICA. GUIDES AND NATIVES TOLD HIM AND HIS PARTY THAT THEY WERE THE FIRST WHITE MEN THAT EVER RETURNED FROM THAT TERRITORY.

PAINTINGS BY WILLIAM S. BOYD, '42, AUGUSTA OBSTETRICIAN AND GYNECOLOGIST, WERE THE SUBJECT OF A PRIVATE EXHIBIT HELD AT THE AUGUSTA-RICHMOND COUNTY LIBRARY, APRIL 10TH. BESIDES BEING A VERY RESPECTED DOCTOR AND ARTIST,

MEETING OF THE FLORIDA CHAPTER
MCG ALUMNI ASSOCIATION
MAY 11, 1962

IT WOULD BE DIFFICULT TO FIND A MORE ENTHUSIASTIC GROUP THAN THAT GATHERED AT THE AMERICANA HOTEL FOR THE MEETING OF THE FLORIDA CHAPTER OF THE MCG ALUMNI ASSOCIATION. WHAT WAS LACKING IN NUMBERS, WAS DOUBLY COMPENSATED FOR BY THE INTEREST OF THESE DOCTORS. LEONARD GARTEN, '41, OF JACKSONVILLE, RETIRING PRESIDENT, HAS DONE MUCH TO LIGHT THIS SPARK AND TO KEEP IT GLOWING.

DR. GARTEN PRESIDED OVER THIS DINNER MEETING AND INTRODUCED DR. RICHARD TORPIN, PROFESSOR EMERITUS OF OBSTETRICS AND GYNECOLOGY, WHO WAS THE GUEST SPEAKER. DR. TORPIN SHOWED PICTURES OF THE RUINS OF PERSEPOLIS, AS

WELL AS THOSE OF THE MODERN WAY OF LIFE IN THAT REGION. HE ALSO GAVE A SHORT REVIEW OF THE HISTORY OF IRAN (ANCIENT PERSIA), WITH ITS EVOLVING TWO WORLD CULTURES, I. E., ORIENTAL AND OCCIDENTAL. THE RUINS OF PERSEPOLIS, LITTLE KNOWN IN THE U.S.A., WERE THE COUNTERPART TO THE ATHENIAN RUINS OF THE ACROPOLIS, THE PARTHENON, ETC. EACH WAS DESTROYED BY RIVAL EMPIRES, BUT THE GREEKS PREVAILED IN 330 B. C. AND SINCE THEN THE OCCIDENT HAS BEEN SUPREME, BUT THE DIFFERING IDEOLOGIES REMAIN. BOTH THE TALK AND THE SLIDES WERE MOST INTERESTING, AND WERE CERTAINLY APPRECIATED BY THE AUDIENCE.

RUFUS PAYNE, '33, OFFICIAL REPRESENTATIVE FROM THE COLLEGE, GAVE A BRIEF REPORT OF THE DEVELOPMENTS TAKING PLACE ON THE CAMPUS.

NOMINATION AND ELECTION OF OFFICERS FOR THE COMING YEAR WERE MADE FROM THE FLOOR. HERMAN K. MOORE, '41, OF KEY WEST, WILL BE THE PRESIDENT, AND JUDSON GRAVES, '33, OF JACKSONVILLE, THE SECRETARY.

PRESENT FOR THIS THIRD ANNUAL MEETING OF THE FLORIDA CHAPTER WERE CECIL B. BREWTON, '45, FERNANDINA BEACH; REDDIN BRITT, '26, ST. AUGUSTINE; JOSEPH J. BENNETT, '32, HOLLYWOOD; JAMES D. BOZEMAN, '50, ORLANDO; JOHN M. CALDWELL, '28, MIAMI; RUSSELL L. COUNTS, '47, FT. PIERCE; BARBARA CASTLEBERRY-CARLTON, '57, WAUCHULA; C. JENNINGS DERRICK, '33, WEST PALM BEACH; EMMET F. LYNN W. WHELCHER, '32, MIAMI. MOST OF THESE DOCTORS WERE ACCOMPANIED BY THEIR SPOUSES.

THANKS TO DR. FERGUSON, WE ARE ABLE TO HAVE THE PICTURES SHOWING SOME OF THOSE ATTENDING THIS MEETING. TO DR. GARTEN GOES A PARTICULAR NOTE OF APPRECIATION FOR HIS UNTIRING INTEREST DURING THE PAST YEAR. ALSO, TO DRs. SIMS, MOORE AND SPENCER HOWELL WE ARE GRATEFUL FOR THEIR 'BEHIND THE SCENE' ASSISTANCE. THE LATTER WAS PREVENTED FROM ATTENDING THE DINNER BECAUSE OF HIS OBSTETRICAL PRACTICE, WHICH UNFORTUNATELY CANNOT BE TIMED.

THE FOURTH ANNUAL MEETING IN 1963 WILL BE HELD IN JACKSONVILLE AND WE HOPE THAT MANY OF YOU WILL PLAN TO ATTEND.

AMA STUDENT LOAN FUND ACTIVATED

A TOTAL OF 37 MEDICAL COLLEGE OF GEORGIA STUDENTS HAVE APPLIED FOR LOANS UNDER THE NEW AMERICAN MEDICAL ASSOCIATION'S MEDICAL LOAN PROGRAM IN THE FIRST NINETY DAYS OF ITS AVAILABILITY. RANGING FROM \$500 TO \$1500 EACH, APPLICATIONS FOR THE LOANS AVERAGE \$1021.

THE OBJECTIVE OF THE AMA'S PROGRAM IS TO HELP OVERCOME THE FINANCIAL BARRIER TO MEDICAL STUDY FOR STUDENTS WHO ARE QUALIFIED AND ACCEPTED BY AN APPROVED COLLEGE OF MEDICINE. IT IS OFFERED AS ASSISTANCE TO STUDENTS AT ANY STAGE OF THEIR MEDICAL EDUCATION, FROM THE START OF THEIR FRESHMAN YEAR AT MEDICAL SCHOOL THROUGH INTERNSHIPS AND RESIDENCIES.

IN ORDER TO QUALIFY FOR AMA-GUARANTEED LOANS, THE APPLICANT MUST BE AN ACCEPTABLE FULL-TIME STUDENT, OR IN RESIDENCY OR INTERNSHIP IN A COUNCIL-APPROVED HOSPITAL.

BORROWERS ARE LIMITED TO \$1500 PLUS INTEREST IN ANY ONE-YEAR PERIOD, AND A TOTAL OF \$10,000 IN SEVEN YEARS. THERE IS AN ADDED STIPULATION THAT A BORROWER MAY NOT BE INDEBTED FOR MORE THAN \$15,000 FOR EDUCATIONAL PURPOSES FROM ALL SOURCES.

GUARANTEE LOANS ARE BEING SOLICITED BY THE AMA FROM PHYSICIANS AND OTHER SOURCES IN A COOPERATIVE EFFORT BY AMERICAN MEDICINE AND PRIVATE ENTERPRISE TO OVERCOME ONE OF THE HURDLES IN THE DRIVE TO MEET THE COUNTRY'S GROWING NEED FOR MORE AND BETTER MEDICAL CARE.

THE MEDICAL COLLEGE OF GEORGIA, OF COURSE, HAS SEVERAL FUNDS FROM WHICH SMALL LOANS ARE AVAILABLE TO UPPER CLASSMEN. DURING THE PAST TWO YEARS, THE MEDICAL COL-

LEGE OF GEORGIA FOUNDATION HAS CONTRIBUTED SOME \$2000 TO THE COLLEGE'S STUDENT LOAN FUND.

THE FOUNDATION'S SUPPORT IS CRITICAL AT THIS PARTICULAR TIME BECAUSE OF COLLEGE PLANS TO APPLY FOR PARTICIPATION IN THE FEDERAL GOVERNMENT'S NATIONAL DEFENSE EDUCATION ACT (NDEA). UNDER THE TERMS OF THE ACT, THE GOVERNMENT MATCHES ON A NINE-TO-ONE BASIS THOSE COLLEGE FUNDS ACCUMULATED DURING A SPECIFIC PERIOD FOR STUDENT LOANS.

MEDICAL COLLEGE OF GEORGIA LIBRARY. TARGET DATE FOR COM-
PLETION: JANUARY, 1963
LIBRARY CONSTRUCTION UNDER WAY

THE ACCOMPANYING PHOTOGRAPH PICTURES THE STATE OF CONSTRUCTION THAT HAD BEEN REACHED ON THE MEDICAL COLLEGE OF GEORGIA LIBRARY AS OF JUNE 1ST. THE PROJECT OF PROVIDING AN ADEQUATE LIBRARY FACILITY FOR THE SCHOOL OBVIOUSLY IS WELL UNDER WAY.

AS POINTED OUT IN PREVIOUS ISSUES OF THE "FOUNDATION AND ALUMNI NEWS", THE LIBRARY WILL HAVE STACKS FOR MORE THAN 100,000 VOLUMES, SPACE FOR MANY HUNDREDS OF HEALTH SCIENCE JOURNALS, CONFERENCE AND READING ROOMS ABLE TO ACCOMMODATE MORE THAN 300 STUDENTS, AND ALSO WILL BOAST A RARE BOOKS ROOM, IN WHICH VOLUMES OF HISTORIC INTEREST AND SIGNIFICANCE WILL BE KEPT FOR REFERENCE AND STUDY.

IT IS HOPED THAT THE RARE BOOKS COLLECTION WILL PROVE NOT ONLY TO BE A VALUABLE ADDITION TO THE SCHOOL, BUT THAT IT WILL BE A SPECIAL POINT OF INTEREST FOR ALL STUDENTS AND PHYSICIANS USING THE LIBRARY. IT IS HOPED, IN ADDITION, THAT MEDICAL MEMORABILIA SUCH AS INSTRUMENTS, CASES, DOCUMENTS, AND THE LIKE, CAN BE GATHERED AND DISPLAYED AS LIVING EVIDENCE OF THE GROWTH AND EVOLUTION OF MODERN MEDICINE.

SOME READERS OF THE FOUNDATION AND ALUMNI NEWS MAY PERHAPS HAVE CERTAIN BOOKS, INSTRUMENTS AND OTHER ITEMS WHICH SUITABLY COULD BE DISPLAYED IN THE RARE BOOKS ROOM OF THE NEW LIBRARY. THEIR INTEREST AND PARTICIPATION IN HELPING TO ACCUMULATE SUITABLE MATERIAL IS INVITED.

FOUNDATION TRUSTEES MEET IN SAVANNAH - MINUTES OF MEETING-

THE FOUNDATION TRUSTEES APPROVED THE PROMOTION OF A

PART-TIME SECRETARY IN THE DEPARTMENT OF CONTINUING EDUCATION TO FULL-TIME STATUS, AT AN INCREASE IN SALARY TO \$200 PER MONTH, EFFECTIVE JULY 1, 1962.

TRUSTEES THEN VOTED TO AUTHORIZE DR. PUND, THROUGH THE FOUNDATION'S INVESTMENT COUNSELORS TO INVEST THE SUM OF APPROXIMATELY \$5000 FROM THE FOUNDATION'S GENERAL FUND.

THE FINAL ORDER OF BUSINESS WAS ELECTION OF OFFICERS FOR THE 1962-1963 FISCAL YEAR. DR. LAMAR PEACOCK WAS ELECTED PRESIDENT; DR. G. LOMBARD KELLY, VICE-PRESIDENT; AND DR. SAM PATTON, SECRETARY-TREASURER.

THERE BEING NO FURTHER BUSINESS, THE MEETING WAS ADJOURNED.

--X--

IT IS NOW PROVED BEYOND DOUBT THAT SMOKING IS ONE OF THE LEADING CAUSES OF STATISTICS.

THERE WAS A TIME WHEN A FOOL AND HIS MONEY WERE SOON PARTED. NOW IT HAPPENS TO EVERYBODY.

FOR 99 PERCENT OF THE TIME MAN HAS BEEN ON EARTH, NO ONE EVER TRAVELED FASTER THAN A HORSE. THIS IS WHY WE ARE STILL HANDICAPPED BY SO MUCH 30-MILE-AN-HOUR THINKING.

LIFE MEMBERS ARE THOSE WHO HAVE CONTRIBUTED \$1,000 OR MORE, OR HAVE MADE AN INITIAL CONTRIBUTION OF \$500.

THE MEDICAL COLLEGE OF GEORGIA FOUNDATION HAS ENJOYED ITS MOST SUCCESSFUL AND ACTIVE YEAR TO DATE. CONTRIBUTIONS TO THE COLLEGE'S TEACHING AND RESEARCH PROJECTS DURING THE PAST YEAR HAVE AMOUNTED TO \$30,400, AND THE ENDOWMENT FUND HAS INCREASED BY \$5,077, NOW TOTALING \$16,188. THE FUND GRADUALLY IS BEING INCREASED, BUT STILL NEEDS CONSIDERABLE ADDED SUPPORT.

ADMINISTRATIVE AND OFFICE COSTS, INCLUDING PUBLICATION OF THE "FOUNDATION AND ALUMNI NEWS" (OF WHICH COSTS ARE SHARED WITH THE ALUMNI ASSOCIATION) AMOUNTED TO APPROXIMATELY \$5,500. AS IN THE PAST, THE "NEWS" WILL CONTINUE TO BE SENT TO ALL ALUMNI OF THE SCHOOL OF MEDICINE.

THE FOUNDATION WILL CONTINUE, WHEN NECESSARY, TO UNDERWRITE THE POST GRADUATE SHORT COURSES PRESENTED BY THE COLLEGE'S DEPARTMENT OF CONTINUING EDUCATION. THE SCHEDULE OF COURSES FOR THE 1962-1963 ACADEMIC SESSION IS LISTED ON PAGE 13. OTHER FOUNDATION ACTIVITIES OF THE PAST YEAR INCLUDE EQUIPMENT PURCHASES FOR THE DEPARTMENT OF CONTINUING EDUCATION, SALARY SUPPORT FOR RESEARCH IN PULMONARY DISEASES OF THE CHEST, THE FEE OF A LIBRARY CONSULTANT, CONTRIBUTIONS TO THE STUDENT LOAN AND PRESIDENT'S DISCRETIONARY FUNDS, AND HONORARIA FOR VISITING LECTURERS. MANY OF THE COMMITMENTS FOR THE CURRENT YEAR ARE NOTED IN THE MINUTES OF THE TRUSTEES' MEETING IN SAVANNAH.

SINCE THE FOUNDATION'S SCOPE OF ACTIVITIES IS INCREASING AND REQUESTS FOR FOUNDATION SUPPORT ARE BECOMING MORE NUMEROUS, THE TRUSTEES HAVE MADE SUBSTANTIAL COMMITMENTS FOR THE NEXT YEAR, BASED ON CONTRIBUTOR SUPPORT OF THE PAST. IT IS HOPED THE MEMBERSHIP WILL INCREASE NUMERICALLY, AND THAT CONTRIBUTIONS WILL REACH A REALISTIC LEVEL THAT WILL PERMIT MEETING ALL OBLIGATIONS AND ALLOW A MEANINGFUL ADDITION TO THE ENDOWMENT FUND.
